Interview Topics

Mavis Pittilla and the Whole Medium

What one of the great teachers of British Spiritualism believed made a medium complete, and how her way of training mediums is carried forward today.

After They Leave

What happens to the people we love when they pass: who meets them, how they settle, and why the bond is not broken.

Serving the Spirit World, Not Just the Sitter

Looking at every communication through the wants and needs of the people in the spirit world.

Power and Blending

Why a strong, steady link with the spirit world comes before any evidence, and how developing mediums can build it.

From Skeptic to Medium

Eric's own path, from early experiences he couldn't explain to formal training in 2012.
